AGREEMENT BETWEEN THE MASON COUNTY EASTERN EDUCATION ASSOCIATION AND THE BOARD OF EDUCATION OF THE MASON COUNTY EASTERN SCHOOL DISTRICT

This Agreement is between the Board of Education of the Mason County Eastern School District, Custer, Michigan, (the "Board"), and the Mason County Eastern Education Association, (the "Association"). The term "Board" means the duly elected governing body of the School District, Superintendent, principals, and assistant principals, and will be referred to in this Agreement as the "Administration", which for all purposes shall be considered as the agent of the Board of Education.

If at any time a state or federal court decision reverses current Agreement language, the Board and the Association agree to open the Agreement to examine old language for reinstatement where applicable.

ARTICLE 1 - RECOGNITION

A. The Board recognizes the Association as the exclusive bargaining representative, as defined in Section 11, of the Public Employment Relations Act ("PERA"), MCL 423.211 for all professional personnel, including personnel on tenure, probation, and on per diem appointments (excluding per diem and term substitutes), classroom teachers, GSRP (Great Start Readiness Program) teachers, guidance counselors, librarians, speech and hearing therapists, special education teachers, employed now or in the future by the Board, but excluding supervisory and executive personnel and office and

clerical employees.

B. The term "teacher" shall refer to all employees represented by the Association in the bargaining unit defined above.

C. If this District is combined with one or more districts, the Board will use **its** best efforts to ensure the continued recognition of the Association and the continued employment of its members in the consolidated district.

ARTICLE 2 - AGENCY SHOP

A. All teachers may join the association and pay either membership dues or service fees.

ARTICLE 3 - TEACHER AND ASSOCIATION RIGHTS AND RESPONSIBILITIES

A. Pursuant to PERA, the Board agrees that every teacher employed by the Board shall have the right freely to organize, join, and support the Association for the purpose of engaging in collective bargaining or negotiation and other concerted activities for mutual aid and protection.

As a duly-elected body exercising governmental power under Michigan law, the Board agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by PERA, or of other laws of Michigan, or the Constitution of Michigan and the United States; that it will not discriminate against any teacher as to hours, wages, membership in the Association, his/her participation in any activities of the Association or collective professional negotiations with the Board, or his/her agreement or otherwise as to any terms or conditions of employment.

The Association agrees it will not discriminate against any teacher who is not a member of the Association but is being represented by it.

B. The Association may request, from time to time, information related to problems to be discussed. Information will be available in the form of standard school reports.

C. The Association shall have the right, by request, to use school buildings and facilities when said buildings are open and staffed and when classes are not in session. Bulletin boards designated for Association use, as well as the intra-district mail system, shall be available to the Association and the membership as long as the use of these facilities **is** used for official organizational business and correspondence is signed by an officer of the Association.

D. The private and personal life of any teacher is not within the appropriate concern or attention of the Board.

E. No material, including but not limited to, student, parental, or school personnel complaints originating after initial employment will be placed in his/her personnel file unless the teacher has had an opportunity to review the material. The teacher may submit a written notation regarding any material including complaints, and the same shall be attached to the file copy of the material in question. If material to be placed in the file is inappropriate or in error, the material will be corrected or expunged from the file, whichever is appropriate. When a teacher is requested to sign material put in the file, such signature shall be understood to indicate his/her awareness of the material but shall not be interpreted to mean agreement with the content of the material.

A teacher may request a review of his/her permanent personnel file, to be conducted at a time mutually agreeable between the teacher and the Administration. A teacher, upon request, may be accompanied by an Association representative, but responsibility for arranging such representative rests solely with the teacher. The teacher shall not be allowed access to confidential placement information obtained at the time of hiring (ie., letters of recommendation, etc.).

ARTICLE 4 - BOARD'S RIGHTS

A. The Board, on its own behalf and on behalf of the electors of the District, retains and reserves unto itself, without limitations, all powers, rights, authority, duties, and responsibilities, conferred upon and vested in it by the laws and the Constitution of the State of Michigan, and of the United States, including, but without limiting the generality of the foregoing, the right:

1. To the executive management and administrative occupational control of the school system and its properties and facilities, and the occupational activities of its employees;
2. To hire all employees, and subject to the provisions of law, to determine their qualifications and the conditions for their continued employment or their dismissal or demotion, and to promote and transfer all such employees subject to the provision set forth in this Agreement;
3. To establish grades and courses of instruction, including special programs, and to provide for athletic recreational and social events for students, all as deemed necessary or advisable by the Board;
4. To approve the means and the methods of instruction, the selection of textbooks and

other teaching materials, and the use of teaching aids of every kind and nature. The Board will consult with the teacher in affected areas with respect to these matters;

5. To determine class schedules, the hours of instruction, and the duties and responsibilities and assignments of teachers and other employees with respect to administrative and non-teaching activities.

B. The exercise of the foregoing powers, rights, authority, duties, and responsibilities by the Board and the adoption of policies, rules and regulations, and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the provisions of this Agreement and then only to the extent such specific and express terms conform with the Constitution and laws of the State of Michigan and the Constitution and laws of the United States.

ARTICLE 5-COMPENSATION AND CALENDAR

A. The salaries for personnel in the bargaining unit are established in the salary schedule, which is appended to this Agreement.

B. Compensation for extra-curricular activities is established in Appendix C (Schedule B), which is appended to this Agreement. All vacancies in this area shall be posted in the high school conference and elementary conference rooms by the Administration for at least ten (10) days prior to filling the position. A sign-up list will be given to all teachers prior to the end of the school year for the following year's Schedule B activities and to any newly hired teachers as they sign contracts. This list will be recognized as an application for the position. Failure to sign up on the original list does not necessarily eliminate any interested teacher from a position. Individual contracts shall be offered no later than five (5) days following the regular October Board meeting for all known positions.

C. A teacher engaged in contract negotiations on behalf of the Association, or who is required to participate in the grievance procedure hereinafter prescribed, shall do so during his/her conference period or during non-regular school hours.

D. Individual teacher contracts will be offered annually for the term of this Agreement no later than five (5) days following the regular October Board meeting provided:

1. A Master Agreement is ratified and in effect.
2. Each teacher provided the Business Office with the proper verification of hour changes accompanied with a transcript no later than September 30.

E. The employment calendar is contained in Appendix A, which is attached to and

incorporated into this Agreement.

F. Per diem shall be defined as the teacher's annual salary, excluding any extra duty assignment pay (Appendix C), divided by the number of teacher work days set forth in Appendix A (Calendar).

G. The time required by new teachers with mentors and in professional development activities, and the time required by teachers associated with individual development plans, shall not require additional compensation.

If the District requires the teacher in such instances to attend a conference, the District agrees to reimburse the teacher for conference registration fees, lodging if necessary, meals, and mileage.

ARTICLE 6 - TEACHING HOURS

A. All teachers' normal teaching hours shall be 7:50 a.m. to 3:20 p.m.

B. Teachers will assist in student supervision during passing of classes.

C. All teachers shall be entitled to a daily, duty-free, uninterrupted lunch period of at least thirty-five (35) minutes.

D. Teachers will make themselves available for a maximum of Five (5) staff meetings per semester, which may extend outside the normal teaching hours defined above.

Staff meetings will be contiguous to the work day and normally will not exceed one and one-half (1 ½) hours in duration.

E. Teachers are not required to be present when school is closed because of weather conditions and/or mechanical failures. The Board and Association shall mutually set a calendar so that any day lost in the event school is closed, for reasons that do not allow such days to be counted by the State Board of Education rules as days of instruction, will be made up.

F. Any teacher may be assigned a portion of the normal teaching day on a regular basis to work on curriculum study and planning with his/her consent.

ARTICLE 7 - TEACHING CONDITIONS

A. The Administration will set teaching loads consistent with educational practices and sound economic judgment as determined by the Board. Each teacher is entitled to a daily conference preparation period. Both parties agree that teachers shall utilize such preparation periods in pursuit of activities which are directly related to their performance as teachers. Every effort will be made by the Administration to assign teachers within their major or minor field of study.

The duties of any bargaining unit employee, or the responsibilities of any or part of any position in the bargaining unit, will not be transferred to persons not covered by this Agreement without the prior written agreement of the Association.

B. Tentative grade assignment in the elementary school and subject assignments in the middle/high school will be given prior to the closing of the school year. The Administration will notify teachers in writing of any changes in the above assignment by July 1. Any change after that date will occur only as a result of emergency conditions and then only after affected teachers have been notified in writing and consulted by the Administration. The Administration agrees to notify the Association of any such change and the reasons for it.

C. Normal elementary school teaching load consists of the class and hours assigned by the Administration and will include a daily preparation period during (not before the start of) the normal school day, with a minimum of 235 minutes of preparation time per week.

D. The normal teaching load in the middle/high school consists of not more than six (6) classes in a seven (7) period day, or five (5) classes in a six (6) period day, with up to four (4) preparations as assigned by the administration and will include a preparation period during (not before the start of) the normal school day.

Five (5) preparations may be assigned by written consent of the teacher involved.

Study hall is not considered to be a preparation or a preparation period.

E. Except as set forth below, in the event that a kindergarten through eighth grade class exceeds twenty-eight (28) students and in the event that a ninth through twelfth grade class exceeds thirty (30) students, the Administration will, where administratively feasible, assign:

1. Additional aide time in grades K-6;
2. Aide time in grades 7-12 during the hour(s) in which the limit is exceeded.

The Administration will confer with the teacher in the selection, placement, and assignment of aides. It is also understood that the teacher has the right to waive aide help as he/she chooses.

The Administration understands that whenever feasible, it is beneficial to the learning environment to keep class sizes small. When feasible, the Administration will provide aides or additional sections to meet the small size goal.

1. When Administration is unable to remedy class size overloads through providing additional aide time or adding additional sections or classes, teachers may elect to accumulate additional pay as follows.

Reimbursement for overloads as listed in Article 7, Teaching Conditions
X = number of students maximum class size listed in Section E.

Elementary: Per Student/Per Day

X + 1 additional student = \$4.75
X + 2 additional students = \$5.25
X + 3 additional students = \$5.75
X + 4 additional students = \$6.25
X + 5 additional students = \$ 6.75

Secondary: Per Student/Per Day

X +1,2,3 additional student(s) = \$2.00
X +4,5,6 additional student(s) = \$4.00
X +7 additional students = \$6:00

(Classroom limit not applicable for the addition of another section/class.)

Administration has ten (10) school days from the Fall Count (first semester) and the Spring Count (second semester) to adjust the class size overage. If administration does not decrease the class size overage, the overage pay will start from the beginning of the semester.

Attendance verification, from a teacher requesting payment for overage, will be checked by administration. Overage is based on the actual number of students in the classroom each day and not the number rostered to the class.

Payment for overages will occur, twice per year, after the semester has ended.

F. Under no conditions shall a teacher be required to drive a school bus as part of

his/her assignment.

G. Telephone facilities shall continue to be made available to teachers for their reasonable use. Only local calls or school related calls will be made on District telephones.

I. The Board agrees to continue to provide parking facilities for the use of teachers.

J. If the District applies for a class size or case load deviation under the procedures established by the Michigan Department of Education, the Association President will be notified in writing of the request, the disposition of the request, and the plan for implementation.

K. Health and Safety

PPE, Hand Sanitizer and cleaning supplies will be provided by the district for all employees during the school year.

ARTICLE 8 - TEACHER PLACEMENT

A. Notices of all vacancies and new positions shall be posted in each building during the school year as well as provided via e-mail to the Association President. A vacancy is an unfilled position in the bargaining unit which the Board intends to fill after all assignments have been completed.

B. Any teacher may apply for such vacancy. In filling such vacancy, the Board will give due weight to the professional background and attainments of all applicants, the length of time each has been employed in the district as well as in the assignment, and other relevant factors, including but not limited to:

- a. Compliance with applicable state or federal regulatory standards, including standards established as a condition to receipt of foundation, grant, or categorical funding;
- b. Credentials needed for District, school, or program accreditation;
- c. District-provided professional development, training, and academic preparation for an instructional assignment that is anticipated to contribute to the teachers' effectiveness in that assignment and is integrated into instruction;
- d. Relevant special training, other than professional development or

- continuing education as required by state and federal law, and integration of that training into instruction in a meaningful way;
- e. Disciplinary record, if any;
- f. Length of service in grade level(s) or subject area(s);
- g. Recency of relevant and comparable teaching assignments;
- h. Previous effectiveness ratings;
- i. Attendance and punctuality;
- j. Positive or negative rapport with colleagues, parents, and students;
- k. Ability to withstand the strain of teaching;
- l. Compliance with state and federal law; or
- m. Any other reason that is not arbitrary or capricious.

Length of service within the District may be considered as a tiebreaker if a teacher placement decision involves two (2) or more teachers and all other factors distinguishing those teachers from each other are equal. The Administration will then act on all applications in the District's best interests and will inform all applicants and the Association of their decision in writing. This applies to mid-year placement decisions as well.

C. If a position is filled by transfer, subsequent positions will be posted for a reasonable application period, taking into account whether the posting occurs during the school year or summer months. The District will make every effort to allow at least five (5) days during the summer and three (3) days during the school year, unless operational needs require otherwise. This applies to any subsequent openings until all openings are filled.

Mid-Year Transfers:

1. Mid-Year transfers shall occur only for fair and substantiated reasons which may include but are not limited to:
 - Performance concerns or documented instructional issues,
 - Programmatic changes, enrollment shifts, or scheduling adjustments,
 - Necessary reductions in force or other operational needs, as determined consistent with this Agreement to maintain the most qualified staff possible district-wide.
2. The District will communicate all transfers with the full knowledge of the teacher(s) involved and the Association President. A verbal explanation of the

rationale for the transfer will be provided to the teacher(s) with an Association representative present.

3. Any transfer related to staff reduction shall follow the Layoff and Recall provisions of this Agreement.

ARTICLE 9 - ADMINISTRATIVE SENIORITY

A. Any teacher who shall be transferred to a supervisory or administrative position shall have his or her bargaining unit seniority frozen at the date of transfer and shall begin to re-accumulate seniority from that point should he or she later return to teacher status. This paragraph refers only to seniority in the bargaining unit and not to the step on the pay scale.

B. Any administrator who has not been a bargaining unit employee in the District, and who is transferred to teaching status, shall not be credited with accrual of seniority in the bargaining unit which would reflect the period spent in the supervisory or administrative status.

ARTICLE 10-LEAVES WITH PAY

A. At the beginning of each school year, each teacher shall be granted a total of seven (7) sick days. Should the teacher leave the employ of the Board during the school year, the sick leave allowance shall be pro-rated and appropriate adjustment made.

Each teacher's unused sick days (excluding sick bank days as provided in Article 18) will accrue from year to year up to a maximum of one hundred twenty (120) accumulated days.

B. The Board may request a doctor's verification of any illness, injury, or disability covering the absence for which the teacher is to be paid for 5 consecutive days. Any employee who has 90 days of continuous sick leave must file for FMLA, Short or Long Term disability (whichever is most appropriate for the situation).

C. Leaves of absence with pay, chargeable against the teacher's sick leave allowance, shall be granted for the following reasons (renewable at the discretion of the Board):

1. A maximum of three (3) days per school year for a critical illness *in* the immediate family which requires a doctor's care. In cases of dispute, a doctor's verification may be requested by the Board.

2. Three (3) days when emergency illness in the immediate family requires a teacher to make arrangements for necessary medical or nursing care.

3. One (1) day for attendance at the school graduation of someone in the immediate family.

4. Time necessary for attendance at the funeral services of a person whose relationship to the teacher warrants such attendance. Two (2) days maximum under this provision are chargeable against the sick leave allowance. Other days necessary to attend such funeral services shall be without pay and are not chargeable against the sick leave allowance.

5. A teacher who is disabled because of pregnancy will be able to use sick day benefits on those days that she is physically unable to perform her duties. For extended periods of leave, the Board may request periodic certification of her inability to continue work and perform her regular duties as verified by her physician. Sick leave benefits under this provision will be terminated when she is physically able to perform her duties as certified by her physician.

6. Teachers who are absent on a compensable leave under the Workers' Compensation Law who have accumulated sick leave available, will have a pro rata portion of sick leave deducted on each day of absence to assure the continuation of the teacher's regular daily salary. Upon exhausting the sick leave accumulation, the teacher will only receive those amounts afforded under the law.

D. At the beginning of each school year, each teacher shall be granted five (5) personal leave days, not chargeable against the sick leave allowance.

Requests must be made not later than two (2) days prior to the day requested, unless extenuating circumstances prevent such notice.

Absent an exception being made by the Superintendent, personal leave days will not be authorized to extend vacations (defined to also include holiday breaks), on exam days, on parent-teacher conference days, the first and last day of student instruction, and on professional development days; nor will more than two (2) teachers District-wide be authorized on a given day (third teacher at the discretion of the Superintendent).

Requests must be submitted through Red Rover and MUNIS. The Superintendent's decision shall be final. The request need not contain a statement identifying the reason for the request, however it is understood that the use of such days for business which could be conducted outside of the normal school hours is prohibited.

E. Leaves of absence with pay not chargeable against the teacher's sick leave allowance shall be granted for the following reasons:

1. For a death in the immediate family, the first two (2) days of a total of five (5) days are not chargeable against the sick leave allowance. The last three (3) days of the total of five (5) are chargeable against the allowance.

2. Absence when a teacher is called for *jury* duty or is subpoenaed to appear as a witness in a court of proper jurisdiction. The teacher shall be paid regular salary less the court-paid jury or witness fee. The teacher must present the court payment voucher to receive reimbursement.

3. Administration approved visitation at other schools for attending educational conferences or in-service workshops, but expressly excluding any functions for the purpose of labor relations (e.g., collective bargaining, negotiations, grievance training, etc.). Teachers involved under this provision shall, upon request by the Administration, submit a written report concerning the program attended.

F. At the beginning of each school year, the Association shall be credited with five (5) days with pay to be used by elected officers and/or representatives of the Association. The President of the Association agrees to notify the Superintendent not later than forty-eight (48) hours in advance of any Association officer and/or representative taking such leave. No more than two (2) teachers shall use this leave on the same day. No more than three (3) days in succession may be used by one (1) teacher. A limit of five (5) days may be used by any one (1) teacher in one (1) year.

G. For the purpose of this Article, the term "immediate family" is defined to include the teacher's spouse/partner and the children, step-children, parents, stepparents, grandparents, grandchildren, son-in-law, daughter-in-law, sponsored dependents and siblings of the teacher or his/her spouse/partner.

H. Unused sick and personal days credited at the beginning of the current school year may either be rolled over into the teacher's accumulated sick day balance or may be paid in full at fifty (50) dollars per day on the last pay in June. Any days above 120 cannot be rolled over and will be paid at fifty (50) dollars per day.

ARTICLE 11 - UNPAID LEAVES OF ABSENCE

A. Consistent with its responsibility under the Family and Medical Leave Act ("FMLA"), the Board has adopted a leave policy that conforms to that law for certain leaves of absence. An eligible teacher may apply for FMLA leave as permitted by law and Board

policy. Pursuant to the FMLA, only the eligible teacher may exercise the right to return to the position that the teacher occupied immediately before the beginning of the FMLA leave. (Mason County Eastern Board of Education Policy 3430)

B. The Board reserves the right to require written doctor's reports to confirm the ability of the teacher to return from an unpaid leave of absence and to resume full teaching responsibilities.

C. Leaves of absence without pay may be granted, upon approval of the Board, for the following purposes:

1. Study related to the teacher's licensed field.
2. Study to meet eligibility requirements for a certificate other than that held by a teacher.
3. Study, research, or special teaching assignment involving probable advantage to the District.
4. The Board reserves the right to approve or deny all requests for leave under the provision of C. above.

D. In no case shall a leave of absence last more than two (2) years.

E. Failure to return from a leave of absence shall be construed to mean that the teacher has voluntarily terminated employment with the District.

F. Written request for an extension of leave must be received by the Superintendent not later than ninety (90) days prior to the expiration of the leave.

G. Unpaid leaves up to five (5) days may be granted by the Superintendent. Any additional days must be approved by the Board.

H. Personal leaves not provided for above may be considered on a case by case basis.

I. Except as otherwise required by the FMLA, teachers who desire to maintain their medical insurance during the period of unpaid leave may do so by paying the cost of the premium to the school district on a monthly basis. Mason County Eastern Board of Education Policy 3430. (FMLA)

J. Teachers who are elected to office in the Michigan Education Association or the National Education Association or are appointed to its staff will, upon proper application,

be given a leave of absence without pay for the purpose of performing duties for the Association. Such leave will be without pay or seniority accrual or advancement on the salary schedule.

K. The date of return from any leave of absence under this Article shall be established in advance by mutual agreement of the Board and the teacher.

ARTICLE 12 - TEACHER EVALUATION

The purpose of the teacher evaluation process is to promote instructional effectiveness, support continuous professional growth, and ensure improved student outcomes. The process shall be conducted in a fair, transparent, and consistent manner and in full compliance with the Michigan Revised School Code, including but not limited to Section 1249 and the Teachers' Tenure Act. This performance evaluation system will include, as appropriate, the following:

A. a year-end evaluation process that meets statutory standards;

1. The classroom teacher will be evaluated pursuant to the [5D(+)] performance evaluation system consistent with Revised School Code Section 1249 and the Teachers' Tenure Act.

B. Student Growth Component

1. Student growth shall constitute 20% of a classroom teacher's annual evaluation. The score shall be based on pre/post subject area tests, NWEA growth, and any other assessments as determined annually by the grade-level/department level teachers with cooperation of the administration. Standardized tests such as M-STEP, ACT, PSAT, or SAT will not be used to determine student growth unless mutually agreed upon by both parties, which will be determined at the beginning of the evaluation cycle.
2. Teachers may request that individual student growth scores be excluded from the 20% calculation based on defined, objective criteria (e.g. excessive absences, late enrollment, or IEP-related exclusions). These criteria shall be mutually developed and agreed upon by the District and the Association.

C. Observation Requirements

1. All formal observations shall be a minimum of fifteen (15) minutes in duration.
2. Each teacher shall receive at least two (2) formal observations per evaluation cycle, unless otherwise required by law.
4. Informal observations may supplement but shall not replace formal observations unless agreed upon by the teacher.

D. Timelines and Feedback

1. Written feedback from each observation shall be provided within five (5) school days.
2. A follow-up meeting between the evaluator and teacher shall occur within ten (10) school days, unless mutually agreed otherwise.
3. A final evaluation conference shall be held before June 1 of the school year.

E. Mentoring and Support

1. First -year probationary teachers and any teacher with an individualized development plan (IDP) shall be provided the following:
 - a. A mentor who will focus on collaborative, non-evaluative support, including modeling, instruction, planning, support, and professional development.
 - b. Specific performance goals to assist in improving effectiveness for the next school year, developed in consultation with the teacher
 - c. Training to be provided by the District to assist the teacher in meeting the goals of the IDP.
 - d. A mid-year progress report within two weeks of the end of the first semester.

F. Rights of Tenured Teachers

1. If a tenured teacher has been rated at least “effective” on the three (3) most recent consecutive year-end evaluations, the teacher may be evaluated biennially or triennially.
2. A tenured teacher who is rated as “needing support” may request a review of the evaluation and the rating by the superintendent. The review request must be made in writing within thirty (30) calendar days after the teacher is informed of the rating.

G. Evaluation Results

1. Teachers shall have the right to review and respond in writing to any evaluation documents.

ARTICLE 13 - TEACHER PROTECTION AND RESPONSIBILITY

A. The maintenance of control and discipline in the classroom is a joint responsibility of the parties. The Administration agrees to provide assistance in this responsibility, either as it deems necessary, or in response to specific requests from the teacher or the Association.

B. In those situations where either the teacher or the Administration believes that a particular student requires specialized assistance which cannot be provided in the classroom, efforts will be made to provide such assistance consistent with the needs and interests of the student and the District.

C. Any case of assault upon a teacher shall be promptly reported by the teacher or Association to the Administration. The Board will provide legal advice to inform the teacher of his/her rights and/or obligations under the law, and shall assist the teacher in handling the incident with law enforcement and judicial authorities.

D. If any teacher is sued for disciplinary action taken by the teacher against a student, the teacher may request assistance from the Board to include financial aid for legal services. Any request under this provision shall be made in writing to the Superintendent, who will forward the request with his/her recommendations to the Board. The teacher or the Association may request a hearing before the Board, but in all cases, the decision of the Board shall be final and binding on the parties. This provision of the Agreement is not subject to the grievance procedure.

E. The Board will maintain a comprehensive liability insurance policy which will provide protection for all teachers in the discharge of their teaching responsibilities. The policy will provide legal services from the insurance carrier for protection of teachers in assault cases consistent with terms, provisions, and exclusions of the carrier.

F. Time lost by a teacher in connection with any incident mentioned in this Article shall not be charged against the teacher unless the Board implements the provisions of the Teachers' Tenure Act relating to a criminal charge, or the teacher is finally adjudged guilty of a crime in connection with said incident by a court of proper jurisdiction.

G. All complaints concerning a teacher's performance shall be promptly brought to the teacher's attention.

H. Teachers shall be expected to exercise reasonable care in the performance of teaching assignments with respect to the safety of students and property.

ARTICLE 14 - LAYOFF AND RECALL

1. Determination of Staffing Needs

- a. The Superintendent, acting within the approved budget, shall determine the number and type of teaching positions required to implement the curriculum.
- b. When budgetary constraints, program changes, or other operational needs necessitate a reduction in staff, the Superintendent shall recommend the positions to be eliminated to the Board.

2. Decision Criteria

- a. Reduction and recall decisions shall be based on teacher effectiveness and documented qualifications on record with the District, including:
 - Compliance with all applicable state and federal requirements and funding conditions;
 - Credentials required for school or program accreditation;
 - District-provided professional development or specialized training relevant to instructional effectiveness;
 - Disciplinary history, length of service, recent comparable teaching experience, prior effectiveness ratings, attendance, punctuality, rapport with colleagues, parents, and students, capacity to meet job demands, and compliance with law;
 - Any other factor that is not arbitrary or capricious.

3. Teacher Obligations

- a. Teachers must maintain current documentation of certification and qualifications in District records.
- b. Laid-off teachers must keep current contact information (address, phone, and email) with the Superintendent's office or risk forfeiture of recall rights.

4. Tie-Breaking Rule

- a. If two or more teachers are equally qualified, length of District service shall determine priority.

5. Board Action and Notice

- a. All reduction and recall decisions shall be made by formal action of the Board.
- b. Written notice of such decisions shall be provided to affected teachers and the Association.

6. Recall Procedures

- a. A laid-off teacher remains eligible for recall for twelve (12) months following the effective date of the reduction.
- b. The Superintendent may reassign existing staff prior to initiating recall.
- c. Vacancies shall be filled by:
 - Recalling the most qualified laid-off teacher with a rating of "effective" or higher; or
 - Posting the vacancy if no laid-off teacher meets the certification and qualification requirements or if the District's educational needs so require.
- d. Written recall notices shall specify deadlines for acceptance and reporting.
- e. Failure to attend an interview, accept recall, or report as directed shall result in forfeiture of all recall rights, unless extended in writing by the Superintendent.

7. Additional Provisions

- a. Teachers shall receive layoff notice at least thirty (30) days prior to the effective date.
- b. A teacher recalled by September 1 following a year-end layoff shall receive the annual salary, less any unemployment benefits received during the layoff.
- c. Alleged violations of this Article are excluded from arbitration under the grievance process.

The following also will apply:

1. "Certificated" is defined as possessing the necessary teaching certificate from the State of Michigan.
2. "Qualified" means any requirements beyond being certified, such as being highly qualified or any endorsement for subject areas as may be required.
3. "Effective" is defined as the teacher's final year-end evaluations of effective/highly effective.

4. Seniority is defined to mean the length of continued unbroken service in the Mason County Eastern Schools in the teachers bargaining unit. Time spent on leave of absence or layoff shall not constitute a break in service, and seniority shall continue to accrue as if employed in that position (part-time or full-time) for which the teacher was laid off or on leave. Accrual time will be credited to the bargaining unit member's account upon re-employment. Part-time teachers accrue seniority on a prorated basis. Bargaining unit members who leave the bargaining unit to accept Administrative positions with the District shall have their bargaining unit seniority frozen and shall not accrue seniority during the time of separation from the bargaining unit.

b. Date and time of teacher's signing of letter of intent shall be used where there is a tie in years of seniority.

c. A seniority list shall be prepared each year in consultation with the Association President. The District shall provide a dated copy of the seniority list to each EA member, no later than seven (7) days following the October Board meeting, to initial and return to the Administration office affirming their dates are correct within fourteen (14) days of the date of the document. The District shall assume the dates are correct if the bargaining unit member does not return the list by the deadline and thereafter, the list shall be final and conclusive.

d. Seniority and recall rights in the Mason County Eastern Schools shall be lost by a tenure teacher on lay off after three (3) years, who retires, resigns, or is discharged.

e. Seniority rights shall be lost by the teacher if he/she does not return or respond to a recall notice within ten (10) working days of recall from layoff. If, however, the teacher is under contract with another school district at the time of recall, the Board will extend the recall limit to the end of the school year for the following year.

f. In no case can more than one (1) year of seniority be obtained in a school year.

g. Acceptance or rejection of a position less than the one from which the teacher was laid off will not affect seniority or recall rights.

ARTICLE 15 - GRIEVANCE PROCEDURE

A. Any teacher, group of teachers, or the Association believing that there has been a violation, misinterpretation, or misapplication of any provision of this Agreement relating to wages, hours, terms, or conditions of employment may, within sixteen (16) days of the alleged violation or knowledge thereof, file a written grievance with the Board or its designated representative.

The Board designates, as its representative for such purposes, the Principal and Superintendent. The Association shall have the right to initiate a grievance on behalf of an individual or group of individuals without his/her or their specific approval indicated in writing on the written grievance. The individual can object to the grievance in writing.

Written grievances shall contain the signature of grievant(s) and shall:

1. Be specific.
2. Contain a synopsis of the facts giving rise to the alleged violation.
3. Cite the section or subsections of this Agreement alleged to have been violated.
4. Contain the date of the alleged violation.
5. Specify the relief requested.

Any written grievance not substantially in accordance with the above requirements may be rejected as improper. Such a rejection shall not extend the limitations hereinafter set forth.

B. Within ten (10) days of the date of the alleged violation, the grievant(s) shall orally discuss the matter with the building principal(s) in an effort to resolve the problem informally. The grievant(s) may be accompanied by an Association representative upon his/her request. Responsibility for arranging representation lies solely with the grievant(s) and shall not serve to extend the time limitations herein established. Within three (3) days of the informal meeting, the building principal shall inform the grievant(s) of his/her decision. If, after the principal's response, a grievance still exists, grievant(s), with the aid of the Association or its representative, shall, within three (3) days, reduce the grievance to writing as specified in A(1-5) and present it to the Superintendent as specified.

C. Within ten (10) days of receipt of the written grievance, the Superintendent shall indicate his/her approval or disapproval. If the Superintendent disapproves the grievance, he/she shall indicate on the grievance form his/her reasons for disapproval and forward one (1) copy to the grievant(s), one (1) copy to the Association, and one (1) copy to the principal of the building in which the grievance arose, and shall place one

(1) copy in a permanent file in his/her office.

D. If the decision of the Superintendent is not satisfactory to the Association, it may, within fifteen (15) days of receipt of the Superintendent's written decision, submit the grievance to arbitration through the American Arbitration Association (AAA), with the arbitrator being selected and proceedings governed by way of the rules and regulations of the American Arbitration Association (AAA).

1. The decision of the arbitrator shall be binding on both parties.

2. The costs of the arbitrator shall be borne equally by the parties, except that each party shall pay the cost of calling its own witnesses and preparing exhibits and testimony.

3. The powers of the arbitrator shall be limited only by the following provisions:

a. The arbitrator shall have no power to add to, subtract from, amend, or modify any provisions of this Agreement.

b. The arbitrator shall have no power to alter or impose any salary schedule.

c. The arbitrator shall have no jurisdiction to review a grievance involving a prohibited bargaining subject as determined by Michigan Compiled Laws (MCL).

E. Time limitations established hereinafter shall be strictly observed and may be extended only by mutual agreement in writing. Failure of a teacher to process a grievance within the time limits herein established shall preclude further proceedings on that grievance. Failure of the Administration to process a grievance within the time limits shall automatically advance the grievance to the next level of this procedure.

F. Matters falling within the jurisdiction of a state or federal agency for which an administrative procedure exists to seek a remedy (e.g., Tenure Commission, Michigan Employment Relations Commission, Equal Employment Opportunity Commission, etc.) for which the teacher and/or Association has filed a complaint, may not be processed further as a grievance. If a complaint is filed and a grievance is pending at any level, further proceedings on the grievance are prohibited.

A. Temporary Vacancies:

A temporary vacancy is one in which a teacher is not available to work due to an

The parties shall immediately renegotiate the provisions or applications in question to comply with the law.

b. If long-term disability is paid and for any twelve (12) month period results in the receipt of salary from the District and disability payments in excess of the teacher's annual salary, the bank will be repaid by the teacher.

8. Any disputes relative to eligibility or continued eligibility will be resolved by the Superintendent and Association President following a review of the medical and related documentation. As such, the denial or discontinuation of bank payments will be subject to the grievance procedure.

D. Any sick days which a teacher has accumulated who is leaving the school system for any reason other than leave, layoff, or retirement, will be automatically credited to the sick leave bank.

E. Any accumulated sick days of a person who retires beyond the number for which he/she is reimbursed under Appendix B will automatically be credited to the sick leave bank.

Any employee who resigns prior to the end of the academic year will have his/her insurance benefits terminated on the first day of the month following resignation.
- F. If an employee dies during the school year, and providing the policy permits continued dependent coverage, the Board shall continue payments of the applicable premiums through the following September 30.
